To: All Residents of River Bend Court

From: Director of Maintenance

Re: NSPIRE Inspection

Two weeks ago, you were given a notice that there will be a HUD inspection on January 5th through 9th, until completed. This is to serve as your reminder that this will be occurring that week. Additionally, a Quality Assurance Inspector (QAI) may choose to visit the property after the inspection. If our property is picked by the QAI, that person could be on the property during the days following the inspections, January 12th through the 14th, 2026, and would enter any apartments during that time.

Throughout the next two weeks, Maintenance Personnel will be completing items on the outside of the buildings. Please do everything you can to keep the property and your apartment cleaned. All housekeeping items that need to be addressed should be completed as well.

If you have any questions, please contact Property Management.
