Re: Camera System Upgrades

Starting Thursday, September 17th, 2026, a contractor will be entering the apartment with the attic access in order to upgrade our system. Please make sure a path is cleared for them to place ladders around the access point. The day that they work on the building will involve your apartment more than other apartments. Multiple trips will be needed throughout the day to complete the set up. All apartments in the building may need to be entered to reroute wiring.

The schedule is as follows:

- Building 2 – Thursday, September 17th
- Building 7 – Friday, September 18th
- Building 14 – Monday, September 21st

Please make sure all animals are crated and your children are supervised.
