Re: Recent Cable Line Upgrades

The Project Manager will be walking through every apartment to do a quality assurance check of the recent installations. There may be items that are deemed unsatisfactory that will be addressed at the same time that the walk through occurs. The length of time in each apartment is estimated to be 5 to 10 minutes total.

Walk throughs will begin at Building 1 at approximately 8:00 a.m., on Friday, November 6th, 2026. The progression will be numerical, for example, Building 1 will be entered first, then Building 2, then Building 3, etc.

Please make sure all animals are crated and your children are supervised.
